2024 SHAPE Futures EMCR Network Annual Convention UWA, Perth 28th November 2024

In 2024, the SHAPE Futures Annual Convention will be held in connection with the Australian Congress of Humanities and Social Sciences. Join us this November in Western Australia at the largest gathering of Humanities and Social Science Scholars in the country.

SHAPE Futures is a free, early- and mid-career network for Australian researchers within and beyond academia in the humanities, creative arts and social sciences. This event will focus on bringing members together to workshop an issue impacting the careers of SHAPE EMCRs to guide Network advocacy, prioritising the issues most important to our members. The networking session will be followed by the Academy of Social Sciences 'Shape the Nation' keynote, delivered in 2024 by Australia's Chief Scientist, Dr Cathy Foley.

Limited travel bursaries are available for members. Applications open in August.
